LESZEK PLUTA

Pluta.pl ARCHITECTURE IN ALUMINIUM AND GLASS / Construction Company LESZEK PLUTA

was established in 1992 in Kielce, Poland - today we are a recognized manufacturer of modern aluminium-glass structures for construction industry at high European level

- for over 23 years we have been providing our customers with solutions dedicated for building industry and the products of our work are aluminum and glass structures used in public, commercial and industrial facilities, as well as in private properties
- we create on the basis of our extensive experience and proven solutions and our products include:
 - ✓ **facades,**
 - ✓ **windows, doors,**
 - ✓ **skylights,**
 - ✓ **railings, blinds, etc.**

all made of high quality modern architectural aluminium profile systems in the full range of RAL colors, fillings and accessories

- we have been co-operating with several renowned general contractors (e.g. EIFFAGE POLSKA BUDOWNICTWO, EASTWAVE BUILDING COMPANY Sp. z o.o., BREMER Sp. z o.o., METROLOG Sp. z o.o.) for the respectable developers and investors (e.g. GOODMAN / AMAZON, PANATTONI EUROPE, AIG / LINCOLN POLSKA)
- the result of our work there are lots of different types of objects in Poland, we completed several building projects in Europe, we are also present in Africa / Algeria
- due to our experience and our offer ready to be implemented in the foreign markets we are looking for new opportunities and contacts with investors, general builders, architects, designers or distributors of building materials willing to co-operate with us
- actively involved in building and aluminium industry for over 23 years, being also one of the main member companies of the Polish Aluminium Cluster, we would like to introduce our potential partners the interesting product offer including the line of high quality Polish products competitive in foreign markets and our efficient service
